Topics and speakers subject to change

*Physicians Insurance members in attendance will fulfill the risk management-education requirement mandated by the Washington health Services Act of 1993.

ACCREDITATION STATEMENT

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the Washington State Medical Association and Washington State Radiological Society. The WSMA is accredited by the ACCME to provide continuing medical education for physicians.

The WSMA designates this educational activity for a maximum of 5.75 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

MEETING OBJECTIVES

- Discuss the current uses and role of Utilization Management in radiology and radiation oncology in WA State.
- Understand the role of computer decision support training and evaluate different methods for implementing computer decision support in imaging.
- Identify and implement simple techniques of CT practice (which can substantially lower CT dose).
- Discover new technological advances in CT which could substantially lower CT dose.
- Identify imaging accreditation Requirements under Medicare.
- Prepare for CMS Accreditation.

DISCLOSURE STATEMENT

Dr. Shuman received a grant (PI on the grant) for clinical research from GE Healthcare
 Intended presentation content for Dr. Shuman has been reviewed and no bias was found.
 No other speakers have relationships to disclose.

- Discuss the opportunities and challenges of designing and running radiology projects in developing countries.
- Implement a protocol for communicating discrepancies between initial and final reads.
- Describe the best practice for ensuring that critical findings are communicated to the referring physician.
- Summarize the activities of the newly formed ACR ITI committee.
- Interpret the CMS stage 1 Meaningful Use final rule.
- Summarize the legislative and legal issues facing Radiologists and the ACR's approach to deal with the issues.
